### **About Novinium**

*Novinium's technology solutions address circuit owners' infrastructure problems at a fraction of the cost of existing methods, save energy, save natural resources, and reduce greenhouse gases by eliminating the need for additional production of copper and polymers for new cables. Founded in 2003 by the experts who invented cable rejuvenation at Dow Corning in the 1980s, Novinium's patented injection process rejuvenates and extends the reliable life of cable up to 40 years. Headquartered in suburban Seattle, the privately held company is the recognized technology leader in cable rejuvenation and was honored as one of Seattle's 2013 Best Places to Work.*
